

DENTAL HYGIENE

STC's Dental Hygiene Associate Degree Program is a sequence of courses which prepares students for positions in the dental profession. The Georgia Career Information System and U.S. Department of Labor both see increasing opportunities for dental hygienists in the near future, and Southeastern Tech's experienced faculty and cutting-edge facilities can open the door to those opportunities. Graduates of the program receive Dental Hygiene Associate of Applied Science degrees and become indispensable parts of dental offices, detecting and helping prevent disease in patients.

Immediately upon graduation, recent STC graduates have made between \$20 and \$35 per hour.

To find out more about Dental Hygiene, contact Southeastern Technical College at 912-538-3100 or 478-289-2200 and ask to speak to a Career Counselor.
