ORIENTATION

New Student Orientation

In order that new students may be fully informed and aware of all phases of school life, a program of orientation is provided each semester. Orientation is held prior to the first day of each semester. This program informs new students about school and department rules, regulations, and policies. It also provides students with information about employment opportunities available upon program completion. Students are introduced to school personnel and informed about student activities, opportunities, regulations, requirements and available services. Program specific orientation is provided immediately afterward to introduce students to the requirements of their program of study. New Student Orientation for online students is available on the Southeastern Technical College website.

CAREER PLANNING

Interests and abilities testing and career counseling are available to help an applicant decide which program to enter. Testing may provide valuable information for use by counselors during career exploration sessions with potential students.

Students may also wish to research employment information to learn the most current job and educational opportunities to advance career and educational planning.

GUIDANCE AND COUNSELING

Counseling services and referrals to community agencies are available from a well-qualified staff of professionals. They will assist with developing career plans and personal goals; provide help with problems encountered in academic pursuits; and provide support in dealing with work-related, personal, or financial problems.

SUPPORT SERVICES FOR STUDENTS WITH DISABILITIES

Southeastern Technical College recognizes the importance of encouraging and helping students with disabilities reach their full potential. Services for students with disabilities are available to assist these students in realizing and maximizing their academic and personal goals. In accordance with the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973, the College ensures that admission, services, activities, facilities, and academic programs are accessible to and usable by qualified students with disabilities.

Reasonable accommodations are available to students who identify themselves as having a disability and as being otherwise qualified for admission to the College. Each student is responsible for providing documentation of his/her disability and requesting appropriate accommodations. Students with disabilities are asked to contact the Special Needs Coordinator prior to their first semester of enrollment to request assistance and to ensure that appropriate accommodations are made in a timely manner. Accommodations requested less than thirty days in advance of the start date of any semester are not guaranteed to be available by the first day of class for that semester.

For more information, visit the STC website.

Southeastern Technical College provides equal access to all program activities and provides assurance of nondiscrimination for all special-population students in admissions, programs/training and all activities.

Special populations include:

- Individuals with disabilities (See Support Services for Students with Disabilities)
- Individuals preparing for nontraditional fields

For more information visit STC website.

CAREER SERVICES

The Career Services Office offers assistance to graduates and students who are seeking work related to their field of study. Every semester, workshops in interviewing, resume preparation, and mock interviews are available to prepare students for entrance into the labor market. Career centers, which contain job search related materials, are located at both campuses to provide assistance to those job seekers. The Career Centers are located in Building 1 at the Swainsboro campus and room 166 of the Main Building at the Vidalia campus.

Area employers regularly contact the college seeking qualified job applicants for full-time and part-time positions. Information on current job openings can be obtained at the Career Services Office or on the Career Services websites.

Federal Work Study positions are available on campus. These are part-time positions for a maximum of 20 hours per week. Applicants must:

- Be currently receiving the Pell Grant;
- Be enrolled in at least 6 credit hours; and
- Maintain a 2.0 GPA

Applications for these Work Study positions may be obtained from the Career Services Office.

STUDENT RECORDS

Notification of Students

Annually, Southeastern Technical College shall inform their students about the Family Educational Rights and Privacy Act of 1974 ("FERPA"). FERPA was designed to protect the privacy of educational records and to establish the right of students to inspect and review their non-privileged educational records. FERPA also provides guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students have the right to file complaints with the Family Policy Compliance Office, U.S. Department of Education, concerning alleged failures by the institution to comply with the Act. Southeastern Technical College shall also provide a mechanism whereby students may file informal complaints within the College.

This policy applies to students who are or who have formerly been enrolled at Southeastern Technical College.

Education Records include any records (in handwriting, print, tapes, film, computer, or other medium) maintained by Southeastern Technical College or Technical College System of Georgia that are directly related to a student except:

- 1) A personal record kept by a faculty or staff member if it is kept in the sole possession of the maker of the record, is not accessible or revealed to any other person except a temporary substitute for the maker of the record, and is not used for purposes other than a memory or reference tool. Records that contain information taken directly from a student or that are used to make decisions about the student are not covered by this exception.
- 2) Records created and maintained by Southeastern Technical College law enforcement unit for law enforcement purposes
- 3) An employment record of an individual whose employment is not contingent on the fact that he or she is a student.
- 4) Records made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional if the records are used only for treatment of a student and made available only to those persons providing the treatment.
- 5) Alumni records that contain information about a student after he or she is no longer in attendance at the College and which do not relate to the person as a student.

Student Access to Records

Students have the right to review their official academic record, disciplinary record, and financial aid record with the following exceptions:

- 1) Any and all documents to which access has been waived by the student.

- 2) Any and all records which are excluded from the Family Educational Rights and Privacy Act's definition of educational records.
- 3) Any and all financial data and income tax forms submitted in confidence by the student's parents in connection with an application for, or receipt of, financial aid.
- 4) Any and all records connected with an application to attend a Southeastern Technical College if the applicant never enrolled.
- 5) Those records that contain information on more than one student. The requesting student has the right to view only those portions of the record that pertain to his or her own educational records.

All requests shall be directed to the registrar's office at Southeastern Technical College. Requests to review student records will be granted as soon as practicable, but in no event later than 45 days after the date of request. No documents or files may be altered or removed once a request has been filed. A student may receive a copy of any and all records to which he or she has lawful access upon payment of any copying charge established by TCSG or Southeastern Technical College except when a hold has been placed on his or her record pending the payment of debts owed Southeastern Technical College, or when he or she requests a copy of a transcript, the original of which is held elsewhere.

Hearings to Challenge Accuracy of Records

If, upon inspection and review of his or her record, the student believes that the record is inaccurate, misleading or otherwise in violation of his or her privacy rights, he or she has the right to ask that the record be changed or insert a statement in the file. Such request shall be submitted in writing to the registrar's office at the student's technical college.

The registrar's office shall process the student's request and notify the student of the College's decision in writing. Should the request for a change be denied, the student will be notified of the College's decision and advised of the right to a hearing to challenge the information believed to be inaccurate, misleading or in violation of the student's privacy rights. The student has 30 days to appeal the decision to the Vice President for Student Affairs and ask for a hearing.

On behalf of the Vice President for Student Affairs of Southeastern Technical College, a hearing officer shall conduct a hearing at which the student shall be afforded a full and fair opportunity to present evidence relevant to the issues raised in the original request to amend the student's education records. The student may be assisted by one or more individuals, including an attorney. The hearing officer will consider only challenges to the accuracy of the records. Hence, whether or not a grade has been incorrectly recorded on a student's transcript may be considered but not whether the student should have been awarded a grade different from the one given.

The hearing officer shall prepare a written decision based solely on the evidence presented at the hearing. The decision will include a summary of the evidence presented and the reasons for the decision. The decision of the hearing officer shall be final, save for any review that may be granted by the President of Southeastern Technical College.

If Southeastern Technical College decides that the challenged information is not inaccurate, misleading or in violation of the student's right of privacy, it will notify the student of the right to place in the education record a statement commenting on the challenged information and a statement setting forth reasons for disagreeing with the decision. Such a statement shall become a part of the information contained in the education record and will be disclosed with it.

A student may make a specific waiver of access to evaluations solicited and/or received under condition of confidentiality.

Release of Information

Southeastern Technical College will disclose information from a student's education records only with the written consent of the student, except that the records may be disclosed without consent when the disclosure is:

1) To TCSG and Southeastern Technical College officials who have a legitimate educational interest in the records.

A TCSG or Southeastern Technical College official is:

A TCSG or Southeastern Technical College official has a legitimate educational interest if the official is:

- Performing a task that is specified in his or her position description or contract agreement.
- Performing a task related to a student's education.
- Performing a task related to the discipline of a student.
- Providing a service or benefit relating to the student or student's family, such as health care, counseling, job placement, or financial aid.
- Maintaining the safety and security of the campus.
- The determination as to whether or not a legitimate educational interest exists will be made by the custodian of the records on a case by case basis. When the custodian has any question regarding the request, the custodian should withhold disclosure unless the custodian obtains consent from the student, or the concurrence of a supervisor or other appropriate official that the record may be released.

2) Subject to the requirements of 34 C.F.R. § 99.34, to officials of another school, school system or post-secondary institution, upon request, in which a student seeks or intends to enroll or where the student is already enrolled as long as the disclosure is for purposes related to the student's enrollment or transfer.

3) Subject to the conditions set forth in 34 C.F.R. §99.35, authorized representatives of the Comptroller General of the United States, the Secretary of the U.S. Department of Education, the Attorney General of the United States, or state and local educational authorities.

- determine the conditions for the aid; or
- enforce the terms and conditions of the aid.

5) State and local officials or authorities to which such information is specifically required to be reported or disclosed pursuant to the state statute adopted prior to November 19, 1974, if the allowed reporting or disclosure concerns the juvenile justice system and the system's ability to effectively serve the student whose records are released; or information that is allowed to be reported pursuant to a state statute adopted after 1974, which concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records are released. Nothing in this paragraph shall prevent the state from further limiting the number or type of state or local officials who will continue to have access thereunder.

6) Organizations conducting studies for, or on behalf of, educational agencies or institutions for the purpose of developing, validating or administering predictive tests, administering student aid programs and improving instruction, if such studies are conducted in such a manner as will not permit the personal identification of students and their parents by persons other than representatives of such organizations, information will be destroyed within a certain time period when no longer needed for the purpose for which it is conducted and enter into a written agreement with the organization. The written agreement will specify the purpose, scope and duration of the study, the information to be disclosed, use personally identifiable information from education records only to meet the purposes of the study, and requires the organization to prevent personal identification to anyone other than representatives of the organization with legitimate interests. There is no requirement that TCSG initiate or agree with the study.

7) Accrediting organizations in order to carry out their accrediting functions.

8) Parents of a dependent student, as defined in Section 152 of the Internal Revenue Code of 1986. The parent must provide a copy of their most recent federal income tax return establishing the student's dependency. Full rights under the act shall be given to either parent, unless the institution has been provided with evidence that there is a court order, state statute or legally binding document relating to such matters as divorce, separation or custody that specifically revokes those rights.

9) In connection with a health or safety emergency, appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or others.

10) To comply with a judicial order or lawfully issued subpoena, provided the technical college makes a reasonable effort to notify the student of the order or subpoena in advance of compliance. Notification may be prohibited if the technical college receives a federal grand jury subpoena, any other subpoena which states that the student should not be notified, or an *ex parte* order from the U.S. Attorney General concerning investigations or prosecutions under 18 U.S.C. § 2332b(g)(5)(B) or an act of domestic or international terrorism as defined in 18 U.S.C. § 2331. When no prior notification is given to the student, TCSG's Director of Legal Services shall be consulted prior to release of the record.

11) To an alleged victim of any crime of violence as that term is defined in Section 16 of Title 18, United States Code, or a non-forceful sex offense, the final results of any disciplinary proceeding conducted by an institution of postsecondary education against the alleged perpetrator of that crime or offense with respect to that crime or offense. Former students who do not want directory information disclosed should make such a request in writing to Southeastern Technical College's registrar.

14) To the court those records that are necessary for legal proceedings when TCSG or a student initiates legal action relevant to the student records.

15) Southeastern Technical College may also disclose to any parent or legal guardian of a student under the age of 21 information about a violation of any federal state or local law, or any rule or policy of the College governing the use or possession of alcohol or a controlled substance if the College determines that the student has committed a disciplinary violation with respect to such use or possession
